The E-waste generated in our institute is very less due the proper handling of the electronic facilities available.

Green Audit Report

Green Audit Certificate

Ref: 0941/07/2022 Date: -23/06/2022

CERTIFICATE

This is to certify that " Abhalmaya Foundation" has conducted green audit at "Dr. Shivajirao Kadam College of Pharmacy , Digraj" in the academic year 2021-22 . The Green audit involves initiatives, planning, efforts, activities implemented in the college campus like environmental promotional activities, water and waste water management, rain water harvesting, tree plantation, energy conservation, paperless technology and various environmental awareness activities. This Green audit is also aimed to assess impact of green initiatives for maintenance of the campus in an eco friendly manner.

The college has submitted necessary data and credentials of scrutiny. The activities and measures carried out by the college have been verified and the efforts are found to be satisfactory. The efforts taken by the management, faculty, and students towards green campus are highly appreciated.

Green Audit Report 2021-22.

➤ **ACKNOWLEDGEMENT**

We are grateful to the committee members of Dr. Shivajirao Kadam College Of Pharmacy, Kasbe Digraj, Sangli to award prestigious project and allow us to step into the new phase of Green Audit in the College Campus.

Further we sincerely thank the college staff for providing us necessary facilities and co-operation during the audit. This helped us in making the audit, a success.

Further we hope, this will boost the new generation to take care of Environment and propagate these vies for many generation to come.

➤ **Introduction.**

Green audit is defined as an official examination of the effects an organization has on the environment. It is also widely known as Environmental Audit. Green Audit can be better understood as: Compliance of Environmental Laws, Audit of Environment Cost and Environment Impact Assessment and Carbon Credit. In the process systematic identification, quantification, recording, reporting and analysis of the components of environmental diversity is done .

The _Green Audit aims to analyze environmental practices within and outside the college campus, which will have impact on the eco-friendly ambiencce. It was initiated with the motive of inspecting the work conducted within the organization whose exercise can cause risk to the health of inhabitants and the environment. Through Green Audit, one gets a direction as how to improve the condition of environment and there are various factors that have determined the growth of carrying out Green Audit.

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

➤ **Present status of college.**

Dr. Shivajirao Kadam College Of Pharmacy was established in 2016, it mainly has two courses viz. D.Pharm and B.Pharm.

The college building has a basement floor with G+1 floor.

There are 12 classrooms, 6 cabins, 1 library, 3 laboratories, 1 girls common room and 1 auditorium classroom.

Total Campus -	5 acre
Built up area-	3516 sq.m
No. of students-	700
No. of staffs-	25
No. of trees grown -	600
No of bore well-	2 (1 hp submersible motor)
Rain Water Harvesting-	Done.
Solarium-	None.
R.O.system-	Provided at every floor.
Drinking water tank-	1-500 liter
Storage water tank-	13-2000 liter
No. of vehicles-	175
Solid waste management-	None.
Plastic free-	None.

➤ **Objective of the study.**

The main objective of the Green Audit is to promote the environment Management and Conservation in the Campus. The purpose is to identify, quantify, describe and prioritize framework of environmental sustainability in compliance with the applicable regulations, policies and standards. The main objectives of carrying out Green Audit are:

- To introduce and make students aware of real concerns of environment and its sustainability.

2

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- To secure the environment and cut down the threats posed to human health by analyzing the pattern and extent of resource use on the campus.
- To bring out a status report on environmental compliance.

➤ **Assessment Methodology.**

- In order to collect factual data the assessment team has interacted with concerned management personnel and visited different areas of the institution namely common classrooms, utility area, office, staff rooms, library, electric room (meter room), overheadwater storage, toilets kitchen and canteen, waste storage area, drainage system landscape ground, green house and parking, to ensure comprehensive coverage the assessment has been categorized into broad modules to facilitate a structured evaluation. The modules are as follows:

Waste management	Tree Plantation Management
Energy Conservation	Transportation Management
Water Management	Green and Biodiversity Management

- The assessment observations are supported by few photographs which have been captured during the visit.

➤ **Waste Management:**

Observation:

- The waste generated are mainly papers wastes, garbage, and few amount of medical waste from the labs.
- There are 3 bins provided in each floor of building, and separate bins are provided in each classroom and laboratory, but there are no separate bins for general dry garbage and wet garbage.

3

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- Reusing single-sided waste paper as notepads, creating a separate tray in the printing for single-sides used waste paper.
- Cardboard box are reused where possible.
- Disposable paper cups and glass cups are provided for the tea and coffee for all.
- The wet garbage from Canteen, tree leaves are used efficiently for compost.
- Compost is rich in nutrients. It is used for trees and shrubs in the campus.
- For waste water coming from toilets and washrooms they had adopted soak pit method for waste water management.
- The waste is dumped into the trench.

Recommendation:

- Need to separate bins for wastes which helps to segregate wastes easily.
- More awareness programs should be conducted by college for students, college staff about waste management.
- Proper storage and safer disposal of waste, efficient and proper waste treatment, effective waste conservation and increasing resource recovery from waste should be done adequately.
- Need to adopt vermin composting method for waste management.
- Plastic free zones should be declared by the administration .

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

➤ Energy Management:

Observation:

- About 30 Florescent tubes are installed in classroom, and offices which are being replaced by LEDs with a week, whereas other 75 Led tubes are already installed.
- Utilization of natural light when possible and electricity is appropriately used (avoiding its misuse).
- The planning of classrooms and offices is done such that there is adequet amount of light from the windows during the day time thus saving the energy.
- Shady trees are placed surrounding of the college and school.
- The college has trees and a plants, that the environment carbon dioxide frees and to maintain health of all the inmates.
- The campus has, palm trees, coconut, peepaltrees, and other trees, which provide shade and beautiful ambience. And also shrubs provided along the pathway.
- Some classrooms have a lack of natural light and ventilation.
- For each classroom fans are provided. About 101 fans are installed throughout.

Recommendations:

- High energy consuming incandescent lights and fluorescent lights in classrooms have to be replaced by less energy consuming LED lights.
- The college can introduce solar panel to reduce carbon foot print.

5

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- The solar lighting system or wind mills can be installed on the adequate terrace that is available.

➤ **Tree Plantation Management:**

- **Observations:**
- College has adequate amount of trees.
- At entrance of college there are abundant amount of trees, entire front view building is covered by trees which gives beautiful aesthetic view of building.
- Coconut trees, palm trees, bird cherry, Nilgiri, peepal etc are different types of trees present in campus. The list is attached.

- **Observation:**
- College has adequate amount of trees.
- At entrance of college there are abundant amount of trees, entire front view building is covered by trees which gives beautiful aesthetic view of building.
- Coconut trees, palm trees, nilgiri, peepal etc are different types of trees present in campus.

6

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

• **Recommendations:**

- College can put some manmade nests to attract some birds which may help them to maintain the ecological balance and the reservoir zone.
- More amounts of trees should be planted in ground campus to reduce pollution; tress like tamarind, peepal should be planted as it gives more oxygen.
- Terrace gardening along with solar panels should be provided.
- Gardening, lawns and varieties of tress should be planted for elegance purpose.

➤ **Water Management:**

Observation:

- A water purification system is installed in college building. It is common purification system for college.
- Some were checked during the audit and were found to be standard taps which can save water.
- Washing waste water pipe from canteen and kitchens are used for tress.
- Waste water from toilets is connected to soak pits.
- There isno yet connection to municipal drainage line.

7

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- Ro system should be installed for each floor but water from that system should be utilized for either toilet purpose or for trees.
- STP can be installed so as to treat the waste water.

> Transport Management:

Observation

- Use of public transport services, bicycle and pedestrian routes is adopted and used by maximum students.
- Preferred parking land spaces for private vehicles and bicycles are provided for faculty and students.
- Adoption of methods to reduce air pollution and noise intensity levels is done by planting large amount of trees in the surrounding areas around the campus.
- There are about 9 college buses and 15 cars, about 150 bikes are used for conveyance. Very few people use the bicycles for there conveyance.

Recommendation:

- Encouraging the awareness and usage of sustainable transportation technology.
- Sharing motor vehicles between students is more preferable.

9

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- Encourage use of bicycles for the students coming from near by areas.

> **Green Management:**

Observation:

- College minimizes the use of all cleaning products and chemical pollutants.
- Avoids the use of pesticides wherever possible.
- College encourages the use of environmentally friendly materials.
- Promotes the information regarding the nature, natural resources, wildlife for the conservation of biodiversity.
- Plantation, pollution and conserving recourses and creating awareness of environmental issues and responsibilities.
- Colleges in managing and improving environmental performance.

Recommendation:

- Implementation of a green cleaning program using non-toxic products
- College should strictly ban use of plastic products in the campus.
- Minimizing the ozone depleting substances.
- Limit the use of private vehicles such as two-wheelers and cars instead use public transport where-ever possible.

sig

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

- **Conduct environmental awareness workshops based on.**
 - i. Effect of pollution.
 - ii. Need of solid waste management.
 - iii. Socio-economic causes and consequences of future environmental changes.
 - iv. Valuing and managing ecosystem
 - v. Water shed and water management
 - vi. Impact of climate change.
 - vii. Recycling and reuse of materials
- More awareness programs amongst students and other stakeholders (faculty, other staffs, service providers etc.) need to be organized for minimizing solid waste disposal.
- Ensure that the buildings conform to green standards.
- Conservation and maintenance of trees should be carried out regularly.
- Programs and celebration without bouquet.

> Biodiversity Management:

Observation:

- College can take steps to increase the bird diversity.
- Grasses and herbaceous plants produce numerous seed heads that provides invaluable energy sources for migratory birds.

Recommendation:

- Facilitation of colonization by a more diverse flora and fauna. Adding birds boxes, and trap nests for bees as desired can create a unique and rare habitats.
- College can create habitat for living organisms in the nature in the order to enhance biodiversity.
- Adding bird's boxes, bat box, and trap nests for bees as desired can create a unique and rare habitats.
- Implementing programs to promote awareness, training and proper maintenance of green building design and biodiversity.

11

Criterion 7: Institutional Values & Best Practices

7.1.2 Environmental Consciousness and Sustainability and Divyangjan Friendly Initiatives

Green Audit Report 2021-22.

➤ **Conclusion:**

The audit team suggests that there are always places where improvement can be made. The audit team suggests you to make changes in the college premises as per our recommendations. The audit team is thankful for your guidance and support.

To	All students, Teaching & Non-Teaching staff
Subject	Celebration of No Smoking Day

All students, Teaching & Non-Teaching staff of Dr. Shivajirao Kadam College of Pharmacy, Kasabe Digraj, Sangli are hereby informed that, We are celebrating No Smoking Day on Wednesday, 9th March 2022.

So please show your presence for celebration of “No Smoking Day” so as to conduct smoothly.

On the occasion of No Smoking Day we are conducting “Awareness on Hazardous effects of Smoking on smoking ”

<p>Prepared By:</p>  <p>Mr. G. S. Patil</p>	<p>Approved By:</p>  <p>Principal, Dr. Shivajirao Kadam College of Pharmacy (Degree), Baganwat, Kasabe Digraj, Tal. Miraj, Dist. Sangli.</p>
---	---

REPORT

Title of the Event /Activity / Camp	No Smoking Day Celebration
Conducted Date	09/03/2022
Number of Participants	48
Inside Campus / Outside Campus	Outside

Summary of event:

No Smoking Day is observed every year on the second Wednesday of March to let them know about the massive side effects of smoking and encourage them to quit it. This year, No Smoking Day is being observed on March 9th, 2022. The main goal of this day is to raise awareness about the detrimental health impacts of smoking and other forms of tobacco intake. The important message is to assist smokers in quitting their harmful habit. SKCP College of Pharmacy was celebrated **No Smoking Day** on 09th March, 2022 by arranging rally in Kasabe digraj village to highlight the signs & symptoms by Active & Passive smoking on the body. Mr. R.M. Ardad explained history, objective & popularization of smoking. Mr. R.M. Ardad *aware that number of harmful content like Butane, Cadmium, Stearic acid, Toluene, Nicotine, Ammonia, Arsenic, Methanol are present in cigarette.*

REPORT

Title of the Event /Activity / Camp	Tree Plantation
Conducted Date	28/07/2021
Number of Participants	Second Year Students
Inside Campus / Outside Campus	Inside

Summary of event:

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe. The NSS unit of the institute had organized Tree Plantation on 28th Nov, 2021 at Education Dr Shivajirao Kadam College of Pharmacy Kasabe Digraj. Volunteers planted 70 trees from 10.00 am to 12.30 pm Dr. S. M. Patil, Principal, SKCP Kasabe Digraj.

REPORT

Title of the Event /Activity / Camp	Swachata Abhiyan
Conducted Date	02/10/2021
Number of Participants	Second Year Students
Inside Campus / Outside Campus	Outside

Summary of event:

A beautiful initiative taken by the Dr. Shivajirao Kadam College of Pharmacy, Kasabe Digraj Tal-Miraj Dist-Sangli, on this Clean India Campaign. The students proposed taking up an agenda of cleaning the area around the school which is located in Digraj village. Because in this village there is increasing the number of covide and dengue patients, so to avoid or minimize the infection and maintain healthy environment surround the school area students came up with this agenda as a symbolic initiative in regard to Swachata Abhiyan during covid pandemic. On the morning of that very day students of B. Pharmacy class Second year started their work of cleaning the village area.
